

STRAIGHTEN HAIR

Relaxare Medium, a Thio Free product designed to be used on processed and double processed hair that will relax unwanted curl or waves.

Relaxare Strong, a Thio Free product designed to be used on natural and coarse hair that will relax unwanted curl or waves.

Total Straight, an extra strong, Ammonia Thioglycolate product for straightening hair.

CREATE PERMANENT WAVES & CURLS

Ondasoft Perm 1, for natural and coarse hair.

Ondasoft Perm 2, for processed and double processed hair.

Neutralizer, contains conditioning agents, neutralizes & moisturizes hair, protecting and minimizing the damage caused by oxidation.

WAVESELF, this stop action wave stops processing when it reaches the ideal result:

WAVESELF 1S for coarse hair

WAVESELF 1 for natural hair

WAVESELF 2 for processed and double processed hair

PROFESSIONAL TEXTURE SUPPORT

PREONDA: PH of 6.0-6.9

A light weight protective leave in spray to be used before a waving or straightening service.

PLUSONDA: PH of 5.0-5.5

A reacidifier emulsion enriched with shea butter, sweet almond oil and the Split End Complex that reintegrates the keratin structure after a perming or straightening service.

Thermoflat: PH of 3.9-4.5

A multiactive smoothing fluid that protects the hair from thermal shock after a straightening service.
